

TRANSFORM YOUR LOCAL TIMBER INTO HIGH-VALUE STRUCTURES & MATERIALS

**WE TURN YOUR TREES INTO
PRECISION FINISHED PRODUCTS**

Timber-frame pavilions • Pergolas • Dimensional lumber
Signage • Furnishings

*Your logs. Your land. Your story —
built into every structure.*

**FROM LOCAL TREES
TO LASTING LEGACY**

PARKS & COMMUNITY SERVICES

Build community spaces from local timber that reflect the identity of your park or town.

KEY BENEFITS

- Timber-frame pavilions, gateways, shelters, and trail features
- Custom signage that reinforces community branding
- Sustainable use of local materials
- Long-lasting structures designed for heavy public use
- Cost-effective alternative to commercial packages

BUILDERS & CONTRACTORS

Deliver unique, story-rich materials your clients can't get anywhere else.

KEY BENEFITS

- Custom beams, posts, slabs, and specialty cuts
- Local sourcing that differentiates your builds
- Precision milling for consistent, reliable dimensions
- Timber-frame components for premium outdoor structures
- Faster turnaround than ordering specialty lumber

GOVERNMENT AGENCIES

Turn municipal or state-owned timber into public assets.

KEY BENEFITS

- Convert storm-fallen or managed-harvest trees into usable materials
- Build pavilions, shelters, signage, and public furnishings
- Reduce procurement costs by using existing resources
- Support local craftsmanship and sustainability goals
- Demonstrate responsible land stewardship
